MULTIFUNCTION TWO-EYE DATE

## **OUR STORY - THE PRECISION OF STYLE**

Over 20 years ago, our French-born founder, famous designer Paul Marciano, dreamed of creating a unique watch brand with a central aspiration in mind:

**ICONIC EUROPEAN TIMEPIECES OF EXCEPTIONAL QUALITY AND STYLE TO BE WORN AS BOLD PERSONAL STYLE STATEMENTS**

Gc combines the very best in Swiss precision with the sophistication of French style to produce bold statement timepieces. Urbane, distinct and alluring, Gc watches are crafted to be as striking and unique as the individuals who wear them. Our dedication to bold style and elevated quality is a mark of true distinction in the watch industry and sets the brand apart.

Gc believes in empowering people to find their own style and to lead where others follow. Reflecting a European heritage that encourages self-expression, Gc designs watches that embrace and celebrates your personal style.

“La Précision du Style” defines our passion for the best of Swiss Precision and French style.

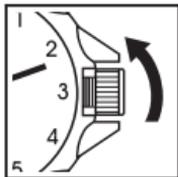

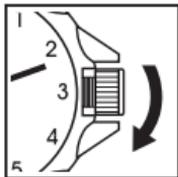

## WATCH FEATURES:

---

### SCREW DOWN CROWN

Screw down crowns are used to ensure water resistance. Do NOT pull crown unless it is unscrewed first

- UNSCREW the crown counter-clockwise (towards you) until it turns freely without tension.
- GENTLY pull the crown out to desired position for watch setting (see specific operating instructions on following pages).
- When finished setting the watch, GENTLY push the crown in towards the watch.
- While pushing in on the crown, begin to turn clockwise (away from you) until it is SECURELY screwed down.

**NOTE:** Failure to securely screw down the crown after setting the watch may affect its water resistance.

## **WATER RESISTANCE**

Your watch is water resistant to the depth noted on the caseback. If exposed to salt or chemical water, please rinse the watch with fresh water and wipe with a soft, dry cloth.

### Guidelines:

30 M/3 ATM/100 Ft. - Accidental splashes. Not suitable for swimming

50 M/5 ATM/165 Ft. - Suitable for swimming in shallow water

100 M/10 ATM/330 Ft. - Suitable for swimming and snorkelling

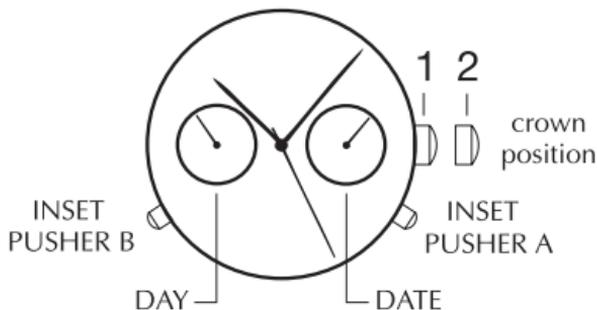

200 M/20 ATM/660 Ft. - Suitable for recreational scuba diving

300 M/30 ATM/1000 Ft. - Suitable for professional diving

## MULTIFUNCTION

---

### TWO-EYE DAY DATE

To set the time:

1. PULL out crown to position 2.
2. TURN crown clockwise to correct time. Day and date will also change.
3. PUSH back crown to position 1.

To set date:

1. PULL out the crown to position 2.
2. TURN crown clockwise to correct date.
3. PUSH in crown to position 1.

*NOTE:* Press inset pusher A with a pointy object to “quick change” date.  
Do not use this pusher between 11:30 p.m. and 5:30 a.m.

To set the day:

1. PULL out the crown to position 2.
2. Advance time 24 hours to change the day.
3. PUSH back crown to position 1.

*NOTE:* Press inset pusher B with a pointy object to “quick change”.

## WARRANTY

---

Your Gc watch is covered by an international guarantee against any manufacturing defects for a period of 24 months\* from the date of purchase indicated on the guarantee card. Any part found to be defective within this period will be repaired or replaced at no charge. In order to benefit from this guarantee, you will be required to present the Gc Watches international guarantee certificate, duly completed, dated, stamped and signed by an authorized Gc Watches retailer.

*THE Gc WATCHES INTERNATIONAL GUARANTEE CERTIFICATE DOES NOT COVER:*

- Defects arising from damage, mishandling, incorrect or abusive use (knocks, crushing, moisture in the case of non water resistant watches), alteration or repairs not performed by an authorized Gc Watches retailer
- Leather straps or bracelets
- Batteries
- Normal wear of base metal, surface-coated watches
- Theft or loss of the complete watch or components

\*We offer a Two Year Warranty on all purchases made from July 1st, 2017.

USA & CANADA: Any purchases made prior to July 1st, 2017 hold a 10 Year Limited Warranty.
